Hello Susan,

MGCCC is not asking Maggie to take multiple courses. Rather, it is giving her four options for meeting the graduation requirement. Two options are one course (options A and D), and two options are a two course cycle (options B and C). It is up to Maggie select an option (i.e., MGCCC is not telling Maggie which option she must select).

MGCCC's legal requirement is to provide a reasonable alternative to her college algebra requirement. The agreement the College entered into with OCR ensures they meet their legal requirement.

Maggie, if you have any additional questions, feel free to contact me any time.

Thank you

Craig
